Videos of bulls will be available at Live-Ag.com and Nipp Charolais websites.

Welcome to our 17th annual Fall Production Sale. What a great and exciting time to be a cow/calf producer. I can't remember ever having a better year for both cattle prices and for having as much grass production as this year. Area wide in the southern plains grass is plentiful and haystacks have never been larger. My hope is that everyone who reads this is witnessing the same.

With the market demanding larger carcasses to try to make up the shortfall in numbers, now may well be the time to try Charolais genetics in your commercial operation. It has long been proven that Char-cross cattle gain more efficiently, grow bigger and still grade.

This set of bulls will, I believe, suit the most discriminating of buyers. Big and stout and in perfect turnout condition. I'm betting there will be something for everyone.

The females are just as sure to please. From the pairs to the bred cows and open heifers they are all bred to make cows that will make you money, same as the bulls are. We even have a dozen Red Angus x Charolais cross open heifers that are sure to make excellent commercial cows.

Along with our guest consignors we invite you to look through the catalog, view the videos on LiveAg, and attend the sale. Join us for lunch at noon on October 25 with the sale to start promptly at 1:00 p.m.

Again, thank you for your interest and we truly do look forward to meeting new attendees and seeing old friends. If you need assistance in any way, please contact myself, Justin or Travis, and we will be glad to help you.

Thanks,
Curtiss Nipp

Frontier Feeds

MARLOW, OKLAHOMA

Frontier Feeds Company is a full-service, livestock-feed manufacturer, located at 1801 W. Nabor Ave., Marlow, OK. Frontier provides feed in 50lb sacks or bulk deliveries. Any Frontier Feeds product, as well as custom rations, can be delivered in bulk as 3-Ton minimum orders. Custom rations manufactured in 50lb sacks may be ordered as 2-Ton minimum orders. Please call 1-580-721-9548 or 1-580-658-2525 for pricing on any type of feed.

Frontier Feeds offers a complete line of cattle mineral and feed, including commodity blends, cubes and pellets. We manufacture our 1/4" Creep Pellets and AN Cattle Cubes with a protein content range of 14% - 37%, including a 34% Hi-Fat Cube or Pellet. Frontier's EZ Creep Pellet is formulated with Availa 4 and Bovatech to be a nutrient-dense, energy-packed pellet with 16% Protein, 3% Fat, & 13% Fiber. You can expect improved health, larger gains, and less overall stress at weaning when using EZ Creep. Frontier EZ Graze Mineral contains the proper balance and ratio of essential cattle minerals. EZ Graze is available with or without Medication and/or IGR/Fly Control. Frontier's cattle feed and mineral is formulated to meet the nutrition requirements of cattle throughout the stages of development. In addition to our standard line of cattle feed, we have the capability to manufacture custom rations, pellets, and cubes upon request. Frontier focuses on providing top nutritional quality feeds with strict quality-control production methods. Our quality feeds and minerals assist our producers in achieving maximum results within their livestock operations.

Frontier manufactures a full line of pig feed centered around gut health and efficiency. We produce high-quality sow cubes, ground gestation and lactation diet, 2 types of commercial grower diets, and baby pig feed. Frontier's full line of baby pig feed includes a ground blend and medicated/non-medicanted pellets of Pre-Starter, Starter 1 and Starter 2. Frontier manufactures all pig feeds in-house as a ground blend using Ralco's proprietary technology to enhance gut health by increasing populations of good "gut" bugs and decreasing bad "gut" bugs. The exception is the pellets used in our full line of baby pig feed and the sow cubes. In addition, Frontier is the regional manufacturer for Ralco & Lindner Show Feeds.

Equi-Grain is Frontier Feeds' line of 5, premium, house-blended feeds. The different Equi-Grain rations have been carefully formulated to cover all classes of equine and their nutritional needs year around. Each blend has been designed with the same basic ingredients to ensure an easy transition between feeds to fit the changing pasture conditions, workloads, or your aging equine. The entire Equi-Grain line is formulated with Element. Element is a special blend only found at Frontier Feeds. With the addition of Element, we can ensure consistent blends and unbeatable quality. Element is in a pellet form making it the ideal "element" to produce quality mixtures. This feature is packed with vitamins, minerals, chelated trace minerals, and digestive aids. Element is the foundation of our equine line and is designed to provide consistency and support equine nutrition.

As a full-service agriculture provider, Frontier Feeds provides a wide range of products and services to match the needs of your farm or ranch. We offer EnergiPlus Livestock Supplements, animal-health products, pet food, bird seed, non-Frontier show feeds, show supplies, & farm supplies.
